

UPDATE

CONTRACT
UPDATE

11/09/2024

By default, the title is contract update... the title should be the title of the document and the date too

DEAL SUMMARY

ASSET className

Equity

INVESTMENT DATE

dd/mm/yyyy

CUMULATED
INVESTMENTS

-

CURRENT VALUATION

-

TOTAL PROFIT (LOSS)

-

The investment date is the first date of the first deal entered so the admin is not supposed to be able to enter it here

Add the possibility to enter “sector” as shown on the platform

Same for cumulated investments and profits, not supposed to enter it there because it should come from automatic calculation of all the deals and profits calculated.

Make sure all calculations are entered correctly on the platform. This is the most urgent one of all.

Remove all placeholder text on every empty text field on the platform, including the form

Log in process

For now deactivate sending an email to member's email when creating a new member.

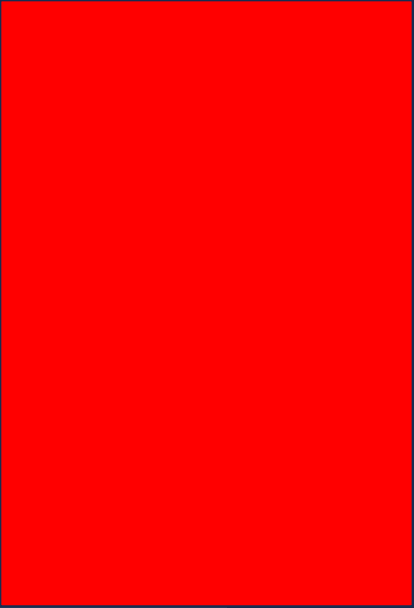

Then, the process must be as follows :

**Admin create a
member's account**

**Admin sends an email
with unique link to
member to login**

**Member fills in the long
form (slides 1-13) and
create his password at the
end.**

**Member can log in, enter
their profile picture and
can manage their profile.
Member can also log out.**

Can't click on this from admin side

CURRENCY

- we must be able to enter investment (from create a deal pop up) in Euros or US Dollars. Then the amount must always be converted in euros value at the time of deal creation.
- All prices on the platform then show in Euros
